

CCISO 4 Day Bootcamp

Overview

Delivery Mode: Virtual via Zoom

This intensive programme prepares security professionals for executive leadership roles by aligning their experience with the five domains of the **Certified Chief Information Security Officer (CCISO®)** examination from **EC-Council**. Designed for current and aspiring CISOs, the course equips participants with real-world insights and strategic frameworks to lead enterprise cybersecurity functions effectively.

Why Zayn Otley?

- A uniquely qualified instructor with decades of field and academic experience
- Targeted delivery that understands the nuances of international and governmental environments
- Strong post-training support that continues through to each participant's examination date
- Trusted methodologies and best-in-class materials designed around **EC-Council's** latest frameworks

Course Objectives

This CCISO Bootcamp will enable participants to:

- Align operational and strategic cybersecurity leadership practices with the five domains of the **CCISO** certification
- Prepare thoroughly for the **EC-Council CCISO** exam using structured methodology and proven study aids
- Learn practical frameworks for governance, risk management, compliance, incident response, and strategic planning
- This course is designed for experienced security professionals, team leaders, senior managers and executives pursuing or currently serving in roles such as Chief Information Security Officer, Director of Cybersecurity, or equivalent.

Target Audience

This course is ideal for IT and security professionals seeking to build or validate practical skills in ethical hacking, penetration testing, and cyber threat mitigation. It is also aligned with **DoD 8140/8570** requirements for roles such as Information Assurance and Security Analyst.

Course Delivery Format

Format: Live virtual instruction via Zoom

Duration: 4 full days (typically 09:30 – 16:30 CET)

Style: Interactive sessions with extensive instructor-led discussion, real-world scenarios and workshops, daily domain quizzes and guided revision techniques

Course Content

The course covers all five CCISO domains:

- 1. Governance, Risk, and Compliance
- 2. Security Risk Management, Controls, and Audit Management
- 3. Security Program Management and Operations
- 4. Information Security Core Competencies
- 5. Strategic Planning, Finance, Procurement, and Vendor Management

Each day features case studies, applied group discussion, and exam-aligned preparation activities.

Materials Provided

Each participant will receive:

- Official EC-Council CCISO Courseware
- Over 400 practice test questions with full explanations
- Exam preparation handbook
- Instructor-curated executive reading pack
- Instructor-designed revision notes
- Executive decision-making scenario workshops
- Thousands of test bank questions
- Supplementary learning resources and revision tools
- Guidance for CCISO application and eligibility review

Trainer Profile

Zayn Otley is a distinguished cybersecurity instructor and certified information security professional with more than three decades of global experience across the defence, corporate, and government sectors. With a unique background spanning hands-on software engineering, cloud security architecture, and executive leadership (CISO/CTO roles), technical excellence is combined with real-world insight in every course delivered.

Possessing multiple advanced certifications including **CISSP, CCISO, CCSP, CEH**, is an **EC-Council Certified Instructor (CEI)** and holds a Post Compulsory Teaching Degree (Cert Ed) from The University of Central Lancashire. His 21 year teaching career includes training over 15,000 IT and security professionals worldwide – including personnel from NATO, the US Army in Europe, the UK Ministry of Defence and major global corporations across North America, SE-Asia, Europe and the Middle East.

A native speaker of British English and conversant in multiple European languages, enabling him to engage effectively across diverse, international audiences. Zayn's instructional approach is learner-centred, grounded in deep industry knowledge, and focused on equipping participants with practical skills and exam-ready confidence. His commitment to excellence and mission aligned delivery makes him uniquely suited to supporting the educational goals of individuals and organisations.

Support

Participants receive:

- Email support directly from the instructor up until the day of their scheduled **CCISO** exam
- Guidance on exam booking, study pacing and overcoming specific topic challenges
