

CISM 4 Day Bootcamp

Overview

Delivery Mode: Virtual via Zoom

This intensive programme prepares cybersecurity professionals for strategic leadership roles by aligning their knowledge with the four domains of the **Certified Information Security Manager (CISM®)** examination from **ISACA**. Designed for experienced professionals in information security management, this course equips participants with the frameworks and competencies required to govern and manage enterprise information security programmes effectively.

Why Zayn Otley?

- A uniquely qualified instructor with decades of field and academic experience
- Targeted delivery that understands the nuances of international and governmental environments
- Strong post-training support that continues through to each participant's examination date
- Trusted methodologies and best-in-class materials designed around **ISACA's** latest frameworks

Course Objectives

This CISM Bootcamp will enable participants to:

- Understand and apply the four CISM domains in real-world governance and operational settings
- Prepare thoroughly for the ISACA CISM exam using structured methodology and proven study aids
- Build proficiency in risk management, governance, incident response, and programme development
- Validate executive-level security management knowledge in line with ISACA global standards

Target Audience

This course is ideal for information security managers, senior analysts, risk managers, and professionals aiming for leadership roles in cybersecurity governance, compliance, or programme management. It also meets requirements for those pursuing ISACA's CISM certification in line with industry frameworks and government standards.

Course Delivery Format

Format: Live virtual instruction via Zoom

Duration: 4 full days (typically 09:30 – 16:30 CET)

Style: Interactive sessions with extensive instructor-led discussion, real-world scenarios and workshops, daily domain quizzes and guided revision techniques

Course Content

The course covers the following four domains of the CISM exam:

- 1. Information Security Governance
- 2. Information Risk Management
- 3. Information Security Programme Development and Management
- 4. Information Security Incident Management

Each day includes exam-focused workshops, scenario-based exercises, and structured review.

Materials Provided

Each participant will receive:

- Official Sybex CISM Study Guide
- Over 500 practice test questions with full explanations
- Scenario-based exercises and case discussions
- Instructor-designed revision materials and key topic summaries
- Instructor-designed revision notes
- Executive decision-making scenario workshops
- Supplementary learning resources and revision tools
- Support for CISM application and scheduling

Trainer Profile

Zayn Otley is a distinguished cybersecurity instructor and certified information security professional with more than three decades of global experience across the defence, corporate, and government sectors. With a unique background spanning hands-on software engineering, cloud security architecture, and executive leadership (CISO/CTO roles), technical excellence is combined with real-world insight in every course delivered.

Possessing multiple advanced certifications including **CISSP, CCISO, CCSP, CEH**, is an **EC-Council Certified Instructor (CEI)** and holds a Post Compulsory Teaching Degree (Cert Ed) from The University of Central Lancashire. His 21 year teaching career includes training over 15,000 IT and security professionals worldwide – including personnel from NATO, the US Army in Europe, the UK Ministry of Defence and major global corporations across North America, SE-Asia, Europe and the Middle East.

A native speaker of British English and conversant in multiple European languages, enabling him to engage effectively across diverse, international audiences. Zayn's instructional approach is learner-centred, grounded in deep industry knowledge, and focused on equipping participants with practical skills and exam-ready confidence. His commitment to excellence and mission aligned delivery makes him uniquely suited to supporting the educational goals of individuals and organisations.

Support

Participants receive:

- Email support directly from the instructor up until the day of their scheduled **CISM** exam
- Guidance on exam booking, study pacing and overcoming specific topic challenges
