

CISSP 5 Day Bootcamp

Overview

Delivery Mode: Virtual via Zoom

We are pleased to submit this proposal for the delivery of a 5-day **Certified Information Systems Security Professional (CISSP®)** Bootcamp. This intensive course is designed to prepare participants for the 2024/25 CISSP examination from **ISC2** while strengthening their practical and theoretical understanding of **cybersecurity across eight key domains**.

Why Zayn Otley?

- A uniquely qualified instructor with decades of field and academic experience
- Targeted delivery that understands the nuances of international and governmental environments
- Strong post-training support that continues through to each participant's examination date
- Trusted methodologies and best-in-class materials designed around (ISC)²'s latest frameworks

Course Objectives

This CISSP Bootcamp will enable participants to:

- Understand and apply the eight domains of the **(ISC)² CISSP Common Body of Knowledge (CBK)**
- Confidently prepare for the CISSP examination using structured methodology and proven study aids
- Strengthen their ability to design, implement and manage robust cybersecurity programmes
- Align with international security standards and best practices relevant to defence, government and intergovernmental bodies

Target Audience

This course is suitable for professionals with a background in information security, IT governance, risk management or systems architecture who are seeking CISSP certification. It is particularly relevant to those operating in governmental, multinational, and cross-functional roles.

Course Delivery Format

Format: Live virtual instruction via Zoom

Duration: 5 full days (typically 09:30 – 16:30 CET)

Style: Interactive sessions with extensive instructor-led discussion, real-world scenarios and workshops, daily domain quizzes and guided revision techniques

Course Content

The course covers all eight CISSP CBK domains:

- 1. Security and Risk Management
- 2. Asset Security
- 3. Security Architecture and Engineering
- 4. Communication and Network Security
- 5. Identity and Access Management (IAM)
- 6. Security Assessment and Testing
- 7. Security Operations
- 8. Software Development Security

The final day includes a comprehensive review session, exam preparation strategy, and a mock test.

Materials Provided

Each participant will receive:

- Sybex CISSP Study Guide (10th Edition)
- Access to Sybex's Online Learning Environment, including:
- Over 900 practice test questions with full explanations
- More than 1,000 electronic flashcards
- A searchable PDF glossary of key terms
- Instructor-designed summary slides
- Thousands of test bank questions
- Over 20 Instructor-designed practical workshops
- Extra learning resources and revision tools

Trainer Profile

Zayn Otley is a distinguished cybersecurity instructor and certified information security professional with more than three decades of global experience across the defence, corporate, and government sectors. With a unique background spanning hands-on software engineering, cloud security architecture, and executive leadership (CISO/CTO roles), technical excellence is combined with real-world insight in every course delivered.

Possessing multiple advanced certifications including **CISSP, CCISO, CCSP, CEH**, is an **EC-Council Certified Instructor (CEI)** and holds a Post Compulsory Teaching Degree (Cert Ed) from The University of Central Lancashire. His 21 year teaching career includes training over 15,000 IT and security professionals worldwide – including personnel from NATO, the US Army in Europe, the UK Ministry of Defence and major global corporations across North America, SE-Asia, Europe and the Middle East.

A native speaker of British English and conversant in multiple European languages, enabling him to engage effectively across diverse, international audiences. Zayn's instructional approach is learner-centred, grounded in deep industry knowledge, and focused on equipping participants with practical skills and exam-ready confidence. His commitment to excellence and mission-aligned delivery makes him uniquely suited to supporting the educational goals of individuals and organisations.

Support

Participants receive:

- Email support directly from the instructor up until the day of their scheduled CISSP exam
- Guidance on exam booking, study pacing and overcoming specific topic challenges

Pricing

<u>Item</u>	<u>Cost (USD)</u>
5-Day Bootcamp (per person)	\$5,950
CISSP Exam Voucher (optional)	\$750

All prices are quoted in US dollars. Group bookings or further support arrangements can be discussed upon request.

Scheduling Options

Please contact our scheduling team by booking a consultation call on our website:

- <https://zaynotley.com>

Final scheduling will be confirmed in coordination with your team's availability and operational requirements.

Next Steps

We would be pleased to discuss any adjustments to meet your specific needs. To proceed or request further information, please contact via:
